I am checking with the EPA risk assessors on availability for 10/3, but since there are also 2 NJDEP issues on your list, do you want me to invite Janine MacGregor, or have you already done so?

OK, how about 10-11 on the 3rd. Yes, It would be good to have the speakers, or at least the proposed slides, so it that does not work, then can we see if there is any time on the 3rd that works for them

thanks

Doug

hi Doug,

our agenda is definitely packed and I would like to have Ella share her paper prior to any presentation to the group if possible so we can review it.

I also have some leads and folks interested in potentially being labor reps on the cag, the NJISJ, can you send me the invite letter for new members or how do you want to review their nomination?

Thanks Ana
